The HID Mercury LP Series Intelligent Controllers are HID Global’s next generation advanced access control platform that runs on embedded Linux. The enhanced platform offers an improved processor and increased memory, plus feature an embedded crypto memory chip that provides a secured layer of encryption to onboard sensitive data. Built on the HID Mercury open platform, LP Series controllers provide the necessary flexibility for OEMs, channel partners and end customers to choose the controller configuration that best fits their needs.

The HID Mercury LP Series Intelligent Controllers are HID Global’s next generation advanced access control platform that runs on embedded Linux. The enhanced platform offers an improved processor and increased memory, plus feature an embedded crypto memory chip that provides a secured layer of encryption to onboard sensitive data. Built on the HID Mercury open platform, LP Series controllers provide the necessary flexibility for OEMs, channel partners and end customers to choose the controller configuration that best fits their needs.

The LP2500 is a powerful intelligent controller with native network support and is scalable to 64 doors/openings. Built on the HID Mercury platform, the intelligent controller uses an on-board Ethernet port to connect to cloud or server based access control hosts. The intelligent controller performs access control, alarm management and scheduled operations—all in a single package.

Capable of elaborate processes and procedures without host intervention, the intelligent controller, once programmed, can function independently of the host. System configuration and setup are provided through HID OEM partner software applications.

For partners seeking a comprehensive and open access control platform, increased user capacity, and a reliable hardware platform running an expanded set of applications, the LP2500 is the clear solution. It delivers a complete security and access control solution as well as innovative application extensions, interoperability and data security.
### SPECIFICATIONS

**HID Mercury LP2500 Intelligent Controller**

| Access Control | 600,000 cardholder capacity  
|                | 50,000 transaction buffer  
|                | Supports up to 2 RS-485 I/O protocols  
|                | 255 access levels per cardholder  
|                | Cardholder - 19 Digit (64 Bit) User ID with 15 digit PIN MAX  
|                | Activation/Deactivation  
|                | IV/Then macro capabilities  
|                | Anti-passback support  
|                | Nested, area, hard, soft and timed forgiveness  
|                | Adjustable cardholder capacity  
|                | Supports up to 1024 inputs and 1024 outputs  

| Door Control | Natively does not support any readers or openings. Use in conjunction with IO expansion modules to support up to 64 readers and openings  

**GENERAL**

| Primary Power | 12 to 24 VDC ± 10 %, 500 mA maximum (reader and USB ports not included)  
| Micro USB Port | 5 VDC, 500 mA maximum (add 270 mA to primary power current)  
| Battery | Memory/Clock Backup: 3 Volt Lithium, type BR2330 or CR2330  
| microSD Card | Format: microSD or microSDHC, 2GB to 8GB  
| Host Communication | Ethernet: 10-Baund/100Base-TX and Micro USB port (2.0) with optional adapter: pluggable model USB2-OTGE100  
| Serial I/O Device | Two each: 2-wire RS-485, 2,400 to 115,200 bps, asynchronous, half-duplex, 1 start bit, 8 data bits, and 1 stop bit  
| Inputs | Two unsupervised dedicated for cabinet tamper and UPS fault monitoring  

**CABLE REQUIREMENTS**

| Power and Relays | 1 twisted pair, 18 to 16 AWG  
| Ethernet | CAT-5, minimum  
| RS-485 | 1 twisted pair, shield, 120 ohm impedance, 24 AWG, 4,000 ft. (1,219 m) maximum cable length  

**ENVIRONMENTAL**

| Temperature | -55 to +85 °C, storage, 0 to +70 °C, operating  
| Humidity | 5 to 95% RHNC  

**MECHANICAL**

| Dimensions | 5 in. (127 mm) W x 6 in. (152.4 mm) L x 1 in. (25 mm) H  
| Weight | 4.1 oz. (115 gm) nominal, board only  

**COMPLIANCE AND WARRANTY**

| Warranty | The product is warranted free from defects in material and workmanship under normal use and service with proper maintenance for one year from the date of factory shipment.
