Dear Valued Partner,

Sample quantities of HID® Signo™ Readers will be available for purchase commencing March 09, 2020.

First-release models include the HID Signo Reader 20, 20K, 40, and 40K.

**HID Signo Reader 20** - Designed for applications requiring a narrow card reader.

**HID Signo Keypad Reader 20K** - Designed for applications requiring a narrow reader with 2 x 6 capacitive keypad.

**HID Signo Reader 40** - Designed for door applications requiring wall switch mounting.

**HID Signo Keypad Reader 40K** - Designed for applications requiring wall switch mounting with 3 x 4 capacitive keypad.

The following part numbers will be available to order in sample quantities on March 09, 2020. Please note that orders exceeding 3 readers of each model will automatically be placed on hold and scheduled based on inventory availability.

HID Signo Reader Model	Pigtail Wiring Option	Terminal Strip Wiring Option
Signo Reader 20	20NKS-00-000000	20TKS-00-000000
Signo Reader 40	40NKS-00-000000	40TKS-00-000000
Signo Keypad Reader 20	20KNKS-00-000000	20KTKS-00-000000
Signo Keypad Reader 40	40KNKS-00-000000	40KTKS-00-000000
Signo Reader Promotional Bundle (1 of each model, 4 total)	SIGNO-BUNDLE1	SIGNO-BUNDLE2

All options available during the initial release support the standard credential profile and are offered with default configuration and standard keys only. However, the readers may be configured further using [HID Reader Manager™](#). For more information on HID Signo part numbers, please refer to the HID Signo page of the [HID Global How To Order Guide](#).

*Promotional Bundles* - HID Global is currently offering customers a rare opportunity to experience HID Signo Readers with a massive 50% discount on your first order. [Download the flyer](#) to learn more.

To learn more, visit [hidglobal.com/signo](http://hidglobal.com/signo) or contact your local HID Representative. Thank you for your continued business and interest in HID Global products, solutions and services.
