

GreenCircle Certification System

GreenCircle Certified, LLC certifies
that an independent, third-party evaluation has been conducted for:

HID Global

iCLASS SE[®], multiCLASS SE[®], and
pivCLASS[®] readers
59% Energy Savings

Energy savings were calculated on readers with Intelligent Power Mode (IPM) configuration as compared to the same readers without IPM configuration. This analysis covers the R10, RP10, R15, RP15, R40, RP40, RK40, RPK40, and R90 base models for iCLASS SE[®], multiCLASS SE[®], and pivCLASS[®] readers; add-ons to the base model were not analyzed and should not be assumed to have the same energy savings. The analysis was performed on an idle reader with constant voltage input and does not include energy usage attributed to reading cards.

Certification Period: March 1, 2018 - February 28, 2019

Certification Number: 17-0476
